Limitations and Areas for Improvement

The answer key primarily provides correct solutions but does not simulate interactive feedback or adaptive learning. Modern learners often prefer immediate, personalized feedback or online interactive components that adapt to their performance.

Easy access to correct answers may lead some learners to over-rely on the key, reducing their motivation to think critically or develop problem-solving skills independently. Educators should

encourage balanced use of the answer key as a supplementary tool rather than the sole resource.

4. Absence of Audio or Video Components

Given the importance of listening and speaking skills at this level, the answer key alone cannot address the multimedia elements of the course. Learners should supplement it with listening practice and speaking exercises for comprehensive language development.
